Coil

The Coil provided is a 0.6 ohm coil, which has an ideal wattage range of between 18 & 26W. The Coil is matched to the Wild by Instinct 60ml Liquid range, to ensure the lowest emissions.

W75 Device

This 3,000mAh device, has a 5 click turn on and off fire button, an a large OLED screen.

With a powerful 75W output, this long lasting, fast charging Therapeutic Tank system, is as plug and play as vaping gets.

The Plus or Minus button allows to adjust the settings, or simply add the tank to the device, and allow it to auto set.
